FRIDAY EVENING, JULY 31, 1906.

## METROPOLIS MISCELLANY.

Try the Bell house dinner. 1t

J. Biehl, leading undertaker. 53ct

Band practice, to-night, at city hall.

Macbeth Water cures stomach troubles. 30ct

Grand opening at the Delmonico, to-morrow evening.

Look out for the bill collector to-morrow. He will be after you.

Brown & Manzanares company is unloading a car of potatoes, to-day.

The silver Republicans may also decide to hold a meeting, Saturday evening.

You wish to save money, or build a home. Get the best; join the Columbia. 21t-1f

Charles Ifield has rented an additional wood house for the storage of this year's clip.

Mrs. Kate Dennis, proprietor of the Park house, out at the springs, is a very sick woman.

Regular dinner, the best in the city, is now served daily at the Bell house short order restaurant.

There are eastern parties, now in Hope-well, with a view to putting in mining machinery in that camp.

Examine the line of new bicycles at Gross Blackwell & Co's. High grade wheels at popular prices. 23t-1f

W. L. Crockett has Kansas buyers out on the mesa looking at 1,700 head of sheep, to-day, which he has for sale.

The mesas in New Mexico look much better than those of Colorado, in consequence of more bountiful rains.

Joe Burks, who was taken suddenly ill with pneumonia, down at Albuquerque, is reported better and out of danger.

Manuel C. de Baca's book, "The History of the Silva Gang," is now on sale at various places of business about town.

Answers in the case of Frank Goussier versus the Masonic building association, the Montezuma club et al. have been filed.

The Mousch and Deffance wheels are the best that are made in their respective classes. Sold by Gross, Blackwell & Co. 23t-1f

It seems that education is at a discount. Over one hundred teachers have filed applications for a place in the public schools of this city.

A handsome elk head with a magnificent spread of horns now ornaments the office, down at Gross, Blackwell & Co's. It came from Wyoming, and is a beauty.

The regular monthly meeting of the ladies' league of the First Presbyterian church will meet in the chapel, Saturday afternoon, August 1st, at 3 o'clock.

Mrs. Camille Olinger, matron at the Territorial insane asylum, places this office under obligations to her for a box of beautiful flowers sent to Mrs. M. F. Kistler.

Very fine services were held at the Jesuit College this morning, the occasion being the feast of St. Ignatius. Miss Hattie Kuekerbocker and Mrs. Dr. Hernandez each rendered solos.

The surgical operation that is to be performed in Denver upon Mrs. E. O. Henriquez, of this city, has been postponed until some day next week, when Dr. W. R. Tipton can be present.

Don't fail to hear the concert to be rendered Sunday afternoon by the military band. See to-morrow's OPTIC for program. You will be delighted and perhaps surprised before the program is finished.

John James Jr., who recently sold his interest in the bicycle shop of Smith & James, to Henry Brockmeier, is in Las Vegas, where he will probably open a bicycle repair shop.—Albuquerque Citizen.

On account of the non-arrival of all of the handsome dining room furniture for the new Delmonico restaurant, temporary furniture was substituted, but the opening will take place on the date advertised. 23t-2f

The Delmonico billiard hall and bar will open to-morrow evening, and the dining room will open on Sunday morning. These are the finest rooms of the kind in the Territory, if not in the southwest. It is expected that a large number of people will attend the openings.

Guadalupe Caballero, known among the natives as "El Lechuza" of the Silva gang, has been arrested for cattle stealing and released on bail. This is the man who pleaded guilty to murder in the second degree of Gabriel Sandoval, and who has not yet had sentence passed upon him.

The Green Case. Eli Green, brother of the missing Deputy Sheriff Billy Green, is in town from Las Vegas. He says the Green family are now satisfied that Billy Green was murdered near Trinidad and he seems to feel equally sure that the principals in the murder are now in jail at Trinidad. These are Joseph Taylor and Encarnacion Sineros. A reward of \$1,500 is offered for the right parties. Taylor was arrested by Constable Elliott and Sineros by John Green and Elliott. Mr. Green is here on business connected with this affair, but is averse to talking at present.—New Mexican.

A Proposed Bicycle Track. There is in contemplation by some of the moneyed citizens of Las Vegas a scheme to build a quarter-mile, kite-shaped bicycle track, over opposite Robbins Bros', wool-washing works, a base ball diamond to grace the center of the enclosure.

This it seems would be a splendid business investment, as well as afford Las Vegas with a needed place in which to hold fairs, races, ball games and other affairs, which would be both profitable and beneficial to the city. It is expected that the scheme will go into effect yet this year, so that some attraction may be held there this fall.

Five hundred dollars is the amount thought needful to make the proposed park, and of this, \$300 is already accounted, leaving but \$200 to be subscribed by sport loving citizens.

Night Yardmaster A. L. Walden has a six-day lay off and will leave for the east on No. 2, to-night. Foreman Cliff Roberts will fill the vacancy.

James Scully, of the painting department of the Topeka shops, has returned to that place from a three weeks stay at the Las Vegas hospital for the benefit of his health.

L. D. Mosher, one of the best operators who ever figured a ticket, who has been stationed here for some time, left Saturday for Colorado Springs. The best wishes of his friends, who are legion, accompany him.—Rincon Weekly.

About three months ago a man, calling himself C. Garrett, secured work as a switchman in the Albuquerque yards.

His wife and two children a short time afterward also arrived. A few days ago, Garrett deserted his family, leaving them subjects of charity. Wednesday, through the aid of General Yardmaster Hosmer and M. McCue, a purse was raised among railroad employes and Mrs. Garrett and her two children left for their home at Temple, Texas.

The number of railway employees killed in the United States during the year ending June 30th, was 1,811, and the number injured, 28,996; passengers killed, 170; injured, 2,335. The number of passengers killed is remarkably small, being only one out of each 2,984,832 carried, and only one injured to 213,651 carried. The liability of passengers to accidents is better shown in the fact that 71,695,743 passenger miles were accomplished for every passenger killed, and 5,131,977 passenger miles for every passenger injured.

EXCURSION BUSINESS. A meeting of the Colorado lines in the western passenger association was held in Chicago, for the purpose of determining upon the running of several excursions from the eastern territory of the passenger association. It was decided to run several excursions during next month.

The excursion business to the west has been lighter, this year, than for many years, and the roads are very anxious to do something to increase the volume of their traffic.

TO CARRY FREE. A circular has been issued by Patrick Walsh, general baggage agent of the Atchafalpa system, to officers, agents, employes and connecting lines in reference to the railroad business mail matter. The circular states that the company has the right to carry the following mail free of postage:

From an officer, agent or employee of this system to another officer, agent or employee, if such mail pertains to the business of any line in the system.

From an officer, agent or employee of any line in this system to any railroad association of which said line is a member, or from any railroad association or its employes to such association's officers, agents, employes, and to officers, agents or employes of this system, always providing that such mail matter pertains to the business of this system, and originates on or is destined to a point reached by these lines.

Between officers, agents or employees of the lines in this system and the officers, agents or employees of other railroads, when the matter pertains to the business of the lines in this system, providing such matter also pertains to the business of the connecting carrier.

Death of Earl M. Bower. The following notice of the death of Earl M. Bower appears in the Connersville, (Ind.) Daily Examiner, of July 25th:

Mr. Bower was quite well known in this city, having resided here several months with the hope of bettering his health.

Earl M. Bower, one of the best known young men of this city, died at 12:35 to-day, at the home of his parents on Eastern avenue, of consumption. Earl was not only one of our best known young men, but also one of the best liked, numbering his friends by the score. Of a bright, jovial disposition, he made friends rapidly, all of whom will be sorry to hear of his death. Among the workmen of the Connersville buggy company, of which he was assistant superintendent, he was held in the highest esteem.

He was born in Milton, July 26th, 1870. When the dread disease which caused his death fastened its hold upon him, he went to South Carolina and later took a western trip in search of health. It was all to no purpose and he returned home to die. Father and mother, one brother and one sister live to survive him.

Funeral at 8 o'clock, Monday afternoon, at the family residence, Rev. V. W. Tervey officiating and burial in city cemetery.

The Vehicle Tax. The city tax on bicycles, wagons and other vehicles is now due and payable. All parties who are liable to this tax will please take notice of this and call upon the undersigned and pay the same at once.
